An invention of 'Ability People'

Dilip Patro, director, The Ability People, showing how the taxi service for differently abled persons can be used, in Visakhapatnam on Wednesday.

The Ability People invented a taxi that is accessible for physically challenged persons and Mr. Yuvaraj launched the service -- Accessible Mobile Taxi Service. This is part of the Accessibility Mobility Solutions of the organisation, director and founder secretary of The Ability People Dilip Patro said. A wheel-chair bound passenger can easily climb and get down from the vehicle. The travel would be safe and comfortable, he said.

Elders and persons with disabilities or their relatives contact the helpline 1800 425 8911, or 85003 65736 or 0891 2714400 for the service.
