

the ability people
The wind beneath your wheels

Organization Overview

The Ability People (TAP) is a Visakhapatnam based non profit and Disabled People's Organization founded in 2007 by a spinal cord injury (SCI) survivor, providing inclusive, affordable, community driven rehabilitation for persons with disabilities especially in rural and tribal Andhra Pradesh. Through its Ability Rehabilitation Centre (ARC) in partnership with GVMC and KGH, TAP supports patients with spinal injuries, amputations, cerebral palsy, stroke, and neurological conditions. Its Community Based Rehabilitation model including Rehab on Wheels extends therapy and assistive services to remote areas. TAP also provides WHO compliant mobility aids, early intervention for children with developmental delays, and capacity building for caregivers and health workers. TAP uses digital systems to track beneficiaries, medical progress, and device usage to ensure continuity of care and long term impact.

Problem Statement

In Visakhapatnam, Anakapalli, and ASR districts, thousands of persons with disabilities lack access to affordable and comprehensive rehabilitation due to weak public health systems and poverty, limiting access to therapy, assistive devices, and early intervention. The Ability People TAP bridges this gap through inclusive, community linked rehabilitation, enabling individuals to live with independence and dignity.

assistive devices distributed

Donation Request

Dear Friend,
Over the years, your support has helped The Ability People (TAP) empower thousands of individuals with disabilities across Andhra Pradesh and nearby regions through life changing rehabilitation, WHO compliant wheelchairs and assistive devices, and community based care in rural and tribal areas bringing hope and dignity to those in need. Every day, survivors of road crashes, children with special needs, and adults seeking independence come to us for urgent support, and your continued generosity ensures no one is left behind. Whether ₹500 or ₹5,000, every contribution goes directly towards restoring mobility and rebuilding lives.
With gratitude,

Dilip Patro
Founder & Secretary, The Ability People

Donation Options

Device / Services	Purpose
₹ 500	Cover local transport from a remote village for a person with disability to access Ability Rehabilitation Center.
₹ 800	Printing and putting up Good Samaritan / Road Safety awareness posters in schools, hospitals and public areas.
₹ 1000	Providing therapy sessions for one week for a person with spinal cord injury (SCI).
₹ 1000	Fund a custom-made orthotic support or splint for a child with cerebral palsy or post-polio residual paralysis (PPRP).
₹ 1800	Sponsor a therapeutic home visit by our mobile rehab team to a tribal hamlet, reaching 3–5 people in need.
₹ 2500	Provide a mobility device like a walker or crutches for someone regaining independence after injury.
₹ 3300	Enable 1 month of inpatient rehabilitation (stay, therapy, & basic needs) for a person from a low-income background.
₹ 5000	Comprehensive nutrition pack for a month for a bedridden rehab patient recovering from spinal injury.
₹ 9500	Contribute for a modified wheelchair for better posture and mobility, customized to the user's needs.
