Mother's Day Celebration at TAP 2026

The Ability People (TAP), under the leadership of our Founder, celebrated Mother's Day with the active participation of staff members, parents, and children, recognizing the invaluable contributions of mothers in nurturing and empowering their families.

Highlights of the Event:

- Awareness session by Mrs. Akhila, Occupational Therapist, on fostering independence and daily living skills among children.
- Interactive session by Mrs. Rupa Reddy, Speech Language Pathologist, on speech and language development and effective communication strategies for children.
- Mothers shared their experiences, challenges, and inspiring journeys of raising children with special needs.
- An opportunity for parents to connect, learn, and support one another through shared experiences.
- A heartfelt celebration recognizing the invaluable role of mothers in the growth and well-being of their children.

The event fostered awareness, encouragement, and community bonding while honoring the resilience and unwavering commitment of mothers.

Monthly Impact Highlights from The Ability People team

BDL Extends CSR Support for FY 2026–2027

As part of our ongoing efforts to expand rehabilitation services for persons with spinal cord injuries and disabilities, our Director met with Sri D.V. Srinivas Rao of Bharat Dynamics Limited (BDL), Hyderabad. We are pleased to share that our CSR proposal for FY 2026–2027 has been approved, building on the support extended by BDL during FY 2024–2025. This partnership will enable us to continue delivering essential rehabilitation services, strengthen support systems for beneficiaries, and create greater opportunities for inclusion, independence, and improved quality of life for persons with disabilities.

Driving Social Impact Through Meaningful Partnerships

Reinforcing a shared vision for inclusion and social empowerment, our Director recently met with Shri Amitava Mukherjee, Chairman and Managing Director of NMDC Limited, Hyderabad. We are delighted to share that NMDC has extended its support for our programmes, reflecting its commitment to creating meaningful social impact. This collaboration will help expand opportunities and promote greater inclusion for persons with disabilities.

Discussions Underway to Re-establish KGH Sub Centre

Our Founder-Director, Mentor, and Operations Head visited King George Hospital (KGH) to discuss the possibility of re-establishing our sub-centre within the hospital premises. Having successfully operated a sub-centre at KGH in the past, the initiative was later discontinued. The visit provided an opportunity to assess the feasibility of renewing this collaboration and strengthening access to rehabilitation support for those in need.

A Tribute to a Leader in Road Safety and Public Service

Our Founder was invited by the Joint Transport Commissioner, Zone-I, Andhra Pradesh, to attend the retirement felicitation ceremony of Dr. S. Venkateswara Rao in recognition of his distinguished service and contributions to public welfare. During his tenure, Dr. Rao extended valuable support to our organization and played a pivotal role in advocating for our inclusion in the Road Safety Council. Based on our work in advocacy and needs-based analysis, he recommended our organization as a member of the State Road Safety Council and District Road Safety Council under the Transport Department, Government of Andhra Pradesh. We remain grateful for his support, which has strengthened our ability to contribute to road safety and disability advocacy initiatives.

Facilitation of Legal Guardianship for National Trust Beneficiaries

On may 24th our Founder-Director facilitated the acceptance of legal guardianship applications for beneficiaries under the National Trust, including individuals with Autism, Cerebral Palsy, Intellectual Disabilities, and Multiple Disabilities. During a meeting at the District Collector's Office, the Founder-Director coordinated with officials to support the processing and approval of guardianship requests. This initiative is a significant step towards ensuring the protection, welfare, and legal rights of persons with disabilities, enabling families and caregivers to access essential services, benefits, and long-term support through a recognized legal framework.
