About the Organisation

The Ability People is a dedicated non-profit organisation committed to empowering individuals with disabilities, particularly from underprivileged and tribal communities. Our mission is to build an inclusive, accessible society through a holistic approach that combines medical rehabilitation, social empowerment, and community-based solutions.
We specialise in delivering comprehensive rehabilitation services, including physiotherapy, prosthetics and orthotics, assistive device distribution, and early intervention support for children with disabilities. A major focus of our work includes Spinal Cord Injury (SCI) rehabilitation, where we provide long-term care plans, assistive aids, and family counselling to help patients regain mobility and dignity.

Recognising the rising number of preventable disabilities, we actively engage in Road Safety Awareness campaigns–especially in rural and high-risk areas–to reduce the incidence of accidents that lead to permanent disabilities. Our awareness drives, conducted in collaboration with schools, colleges, transport authorities, and local leaders, aim to create a culture of responsibility and precaution.

We operate through a strong network of referral and sub-centres at GGH Paderu and King George Hospital Visakhapatnam ensuring rehabilitation services reach even the most remote regions. Through partnerships with government institutions, medical colleges, NGOs, and local communities, we are building sustainable and scalable models of care.
Our operations are strengthened by a dedicated team of professionals, including programme managers, field coordinators, therapists, and trained administrative staff. Using platforms like Goonjan MIS, we ensure our programmes are monitored, evaluated, and improved continuously.

At The Ability People, we envision a future where every person with a disability leads a life of dignity, independence, and full participation in society.

Message from the Director

At The Ability People (TAP), we believe that true rehabilitation goes beyond medical care–it is about restoring dignity, independence, and hope.

The year 2023-24 reflects our continued commitment to this vision. We have delivered 1,013 services across key areas including Prosthetics & Orthotics, Rehabilitation Therapy, Mobility Services, Developmental Aids, In-patient Care, Peer Counselling, and Wheelchair Skill Training.

Each of these interventions represents a meaningful step towards empowering persons with disabilities to lead more independent and fulfilling lives.

Our focus remains on reaching the unreached–especially in rural and underserved regions–ensuring that no individual is denied access to essential rehabilitation services due to financial or geographical barriers. Through a combination of clinical care, assistive technology, and peer-led support, we strive to create sustainable impact at both individual and community levels.
I extend my sincere gratitude to our dedicated team, partners, supporters, and all stakeholders who continue to believe in and strengthen our mission. Together, we are building an inclusive ecosystem where ability is recognised beyond disability.
Let us continue this journey with renewed commitment and compassion.

Warm regards,
Dilip Patro
Director
The Ability People (TAP)**

Vision And Mission

Vision

To minimize the occurrence of spinal cord injuries and ensure access to the highest quality rehabilitation services for all affected individuals across Andhra Pradesh.

Mission

To prevent spinal cord injuries across Andhra Pradesh through clinical services, community awareness, and policy advocacy, and to deliver the highest quality rehabilitation and support to those affected.

Meet Our Team

At the heart of every successful initiative is a dedicated team. Here is the team behind The Ability People–a passionate group of programme managers, field coordinators, therapists, administrative staff, and volunteers working together to make inclusion a reality.

United by a shared vision of empowerment and dignity, each member of our team plays a vital role in transforming lives. Our programme managers design impactful strategies and ensure that every initiative reaches those who need it most. Field coordinators act as the bridge between communities and services, building trust and delivering support at the grassroots level. Our skilled therapists bring expertise and compassion, enabling individuals to achieve greater independence and confidence in their daily lives.

Behind the scenes, our administrative staff ensure smooth operations, while our volunteers bring energy, empathy, and a spirit of service that strengthens every effort. Together, this diverse and committed team works tirelessly to break barriers, promote accessibility, and create opportunities for persons with disabilities.

More than just a team, we are a family driven by purpose–believing that inclusion is not just an idea, but a responsibility we bring to life every single day.

Achievements

Red FM Business Brilliance Award Visakhapatnam

On 9th July 2022, The Ability People was honoured with the Red FM Business Brilliance Award in Visakhapatnam, in recognition of its outstanding contributions to humanitarian service. This prestigious award reflects the organization's unwavering dedication to empowering persons with disabilities by promoting dignity, independence, and equal opportunities.

Over the years, The Ability People has consistently worked at the grassroots level, focusing on inclusive rehabilitation programs that address not only physical needs but also social and emotional well-being. Through targeted interventions such as assistive device distribution, skill development training, and livelihood guidance, the organization has helped individuals with disabilities lead more self-reliant and fulfilling lives.

A key strength of the organization lies in its extensive community outreach efforts, particularly in underserved and tribal regions where access to resources and awareness remains limited. By collaborating with local communities, healthcare providers, and volunteers, The Ability People has been able to bridge critical gaps in accessibility, education, and healthcare services. Their advocacy initiatives have also played a crucial role in raising awareness about disability rights and fostering a more inclusive and accepting society.

Receiving the Red FM Business Brilliance Award not only recognizes past achievements but also reinforces the organization's mission to expand its reach and deepen its impact. It serves as a powerful motivation to scale innovative programs, strengthen partnerships, and continue championing the rights and inclusion of persons with disabilities.

Looking ahead, The Ability People remains committed to driving sustainable change by leveraging community participation, policy advocacy, and inclusive development models. With renewed determination, the organization aspires to touch more lives, break down barriers, and build a future where every individual, regardless of ability, has the opportunity to thrive.

Programs and Events

Spinal Cord Injury & Road Safety Awareness Drive at RK Beach, Visakhapatnam

On April 11, 2024, The Ability People organised a Spinal Cord Injury and Road Safety Awareness Program at RK Beach, Visakhapatnam, as part of our efforts to prevent disability through community education. The event was graced by the Joint Collector Sri. K. Venkateswar Rao IAS as the Chief Guest, and Smt. Madhavi Jallepalli, Disability Welfare Officer, as the Special Guest.

The program brought together a large network of stakeholders, including special schools, NGOs, caregivers, and rehabilitation professionals working in the disability sector. Through placards, public addresses, and interactive sessions, the event created strong awareness about road safety, spinal cord injury prevention, and the importance of inclusive practices for people with disabilities.

Bringing Clinical Care Closer : Disability Assessment Camp at MPDO Office, Chintapalli

The Ability People conducted a Clinical Assessment Program at the MPDO Office, Chintapalli, with the participation of over 300 beneficiaries.

The event was supported by three resource persons from the Andhra Pradesh Forest Department (APF) and three representatives from SRET College, Vizianagaram. .The program focused on identifying individuals with disabilities and providing clinical assessments, with follow-up plans for assistive devices and rehabilitation support.

UNGRSW Road Safety and Disability Awareness Campaign

As part of the UN Global Road Safety Week (UNGRSW), The Ability People participated in a conference and awareness campaign highlighting the link between road safety and disability prevention.

This global initiative, aligned with the United Nations Global Road Safety (UNGRS) framework, aimed to raise awareness on reducing road accidents and promoting inclusive road safety measures. The conference brought together experts, civil society, and government stakeholders to discuss sustainable solutions and ensure safer mobility for all, especially vulnerable populations.

Assessment Camp – Makkavaripalem

The Ability People conducted an Assessment Program at Makkavaripalem near Narsipatnam, reaching approximately 50 individuals with disabilities. The program was organised with the valuable support of a local NGO, focusing on identifying needs for assistive devices, physiotherapy, and referral services to strengthen community-based rehabilitation efforts in the region.

Assessment Camp – Araku Valley

An Assessment Program was conducted by The Ability People in Araku Valley under the guidance of the District Collector, with the aim of identifying and supporting persons with disabilities in remote tribal areas. The program reached approximately 50 individuals, offering clinical assessments and referrals for further rehabilitation services. This initiative reflects our continued efforts to expand accessibility and inclusion in underserved regions.

Assessment Camp – Paderu

As part of our ongoing outreach, The Ability People conducted an Assessment Program in Paderu under the guidance of the District Collector, with the aim of identifying children and adults in need of rehabilitation services. The camp was attended by approximately 50 beneficiaries, including individuals with various physical and neurological conditions. The program focused on early identification, referral, and planning for assistive devices and therapy, ensuring access to rehabilitation services in this remote tribal region.

Meeting with the Governor of Mizoram

We had the honour of meeting the Honourable Governor of Mizoram, Shri K. Haribabu Garu, to discuss our initiatives and explore opportunities for collaboration in the field of disability rehabilitation and inclusion.

Capacity Building Program for the Mothers at Tap

A training session for mothers was conducted alongside an awareness camp, focusing on disability management, home-based care, and the importance of early intervention. During the program, assistive devices were distributed to children with disabilities, ensuring they receive ensuring they receive the necessary support to improve mobility and independence. The initiative aimed to empower caregivers with knowledge and provide immediate, tangible support to the children in need.

APF Project – Year 2 Donor Field Visit

On May 5, 2024, our outreach programmes in Paderu and Araku were visited by Mr. Swamy from Andhra Pradesh Forest Department (APF), representing The Foundation, which has expressed interest in supporting our initiatives. Mr. Swamy graciously dedicated the day to observe our field activities, engage with the community, and understand the impact of our rehabilitation and awareness efforts. A follow-up was kept open for May 6, should any additional discussions or site visits be required to finalise the collaboration.

www.theabilitypeople.org

Over the past year, The Ability People has remained committed to building an inclusive society by addressing the needs of persons with disabilities–particularly in underserved tribal and rural regions. Through clinical assessments, assistive device delivery, therapy services, and awareness campaigns, we have reached thousands of individuals and families with meaningful, life-enhancing interventions.

Our partnerships with government institutions, hospitals, educational bodies, and civil society have strengthened our impact, while innovations in monitoring and field coordination have helped us deliver more efficiently. We thank all our supporters, donors, and well-wishers who walk with us on this journey of empowerment.

As we move into the next year, we reaffirm our commitment to equity, accessibility, and dignity for all.
